WHY
Every person should have access to healthy, affordable, and culturally relevant food—for themselves, their families, and their communities.

WHAT
At The Table is a new program that will support people and organizations that can increase access to healthy, affordable, and culturally relevant food in Globeville and Elyria-Swansea.

Selected projects will receive early financial support, customized training and resources, exclusive access to our network of mentors and funders, and assistance building plans for sustainability and long-term growth.

GET INVOLVED
We invite people who live or work in Globeville and Elyria-Swansea to join with fellow residents as well as local businesses and nonprofits to participate in various elements of the project as listed on the other side of this flyer.
